Purnima Singh

Hirdesh Kumar Tharasi

Young Astronomers' Meet (YAM), provides a platform for interaction among research students from diverse fields of Astronomy and Astrophysics working in India. **YAM** is held every year, with the aid of the Department of Science and Technology (DST), to encourage the efforts of youngsters stepping into Astronomy; a meeting of the students, organised by the students.

YAM 2009, the 12th in this series will be held at **Indian Institute of Technology, Kharagpur**, West Bengal. Interested PhD students working in the field of Astronomy, Astrophysics and related topics can send their applications along with a reference letter and an abstract (if any), either electronically or by post to the address below. Exceptionally talented M. Sc. Students are also encouraged to apply. Accommodation and local hospitality will be provided to all outstation participants. Travel support will be provided, on request, to a limited number of participants, depending on the availability of funds.

Send in your abstract/application to :

Local Organising Committee, YAM - 2009
Centre for Theoretical Studies
Indian Institute of Technology, Kharagpur
Kharagpur - 721302
